

Release Policy

We release only well trained, well cared for white homing pigeons that have been banded and which have been raised and trained to return home to their loft.

We ensure that appropriate attire is worn for all events and that a release coordinator is 100% reliable and on time.

We will return deposits for acts of God, etc.

We will not release birds INDOORS.

We will not release birds AT NIGHT.

We will not release birds in INCLEMENT WEATHER. A light shower, maybe, but not thunder and lightning or down pours.

We will not ship birds by mail for self-release.

We do NOT release birds beyond a range they are unable to safely fly.

We ensure that EVERY event has at least one knowledgeable release coordinator present.
